Beck/Arnley Adds 856 New Part Numbers

SMYRNA, Tenn., July 10, 2007 – Beck/Arnley announces it has added more than 800 new part numbers to its line import nameplate products.

Included among the 856 new numbers are the following additions in Beck/Arnley’s major product categories:

- Engine Parts & Filtration 93
- Clutch & Driveline 22
- Brake & Chassis 476
- Cooling 5
- Engine Management 259
- Electrical 1

“These 856 new numbers represent just the tip of the iceberg,” said Bob Anderson, vice president of product management. “It’s not just the new part numbers we’ve added, but it’s also the investment in improving the process of getting the information out to the market faster and more efficiently. This is all part of our commitment to be first to market with foreign nameplate parts.”

More detailed information about the newly added part numbers can be found on the home page of Beck/Arnley’s Web site, www.beckarnley.com, and can be downloaded in both Excel and pdf formats.

Beck/Arnley is exclusively dedicated to supporting its distribution partners who service the foreign nameplate repair market. Founded in 1914, Beck/Arnley's broad product offering is organized into six modules: Brake & Chassis, Electrical, Clutch & Driveline, Engine Management, Engine Parts & Filtration, and Cooling Systems. Headquartered near Nashville, Tennessee, Beck/Arnley distributes parts to resellers through its MDC in Smyrna, Tennessee and satellite customer care centers strategically located around the U.S. and Canada.
