## **Beck/Arnley Hires Darrel Bollinger as Inventory Control Specialist**

**SMYRNA, Tenn., May 17, 2007** -- Beck/Arnley announces it has hired Darrel Bollinger to serve as inventory control specialist. In this position, Bollinger is responsible for accurate item balances, inventory discrepancies, return discrepancy investigation, cycle count creation, and inventory and accuracy trend analysis.

"We would like to welcome Darrel to the Beck/Arnley family," said Anne Coffin, vice president, IT & marketing, chief information officer. "His previous experience in the automotive industry makes him well-suited for the position of inventory control specialist."

Bollinger worked at Advance Auto Parts for six years, starting at the counter sales level and moving up to management and commercial parts pro. He also spent time in the parts and accessories department at a Harley Davidson dealership, as well as worked at Alexander Chevrolet in automotive sales.

Bollinger graduated from Middle Tennessee State University with a degree in mass communications – public relations. He is ASE Certified in parts.

Beck/Arnley is exclusively dedicated to supporting its distribution partners who service the foreign nameplate repair market. Founded in 1914, Beck/Arnley's broad product offering is organized into six modules: Brake & Chassis, Electrical, Clutch & Driveline, Engine Management, Engine Parts & Filtration, and Cooling Systems. Headquartered near Nashville, Tennessee, Beck/Arnley distributes parts to resellers through its MDC in Smyrna, Tennessee and satellite customer care centers strategically located around the U.S. and Canada.
