

Beck/Arnley Offers New Timing Gear Kits

© 2006 Beck/Arnley Worldparts Corp.

Beck Arnley's new timing gear kits, part numbers 029-0113HD and 029-0076HD (Heavy Duty), features steel backed guide rails for durable, longer lasting performance and hardened steel bolts that won't loosen or allow movement during installation or operation. The "better than" OE kits are available for specific Toyota applications, years 1983 and 1984, and 1985 through 1995. The steel

backed guide rails are also offered individually, part numbers 024-1011HD and 024-0970HD.
