Beck/Arnley Adds 616 New Foreign Nameplate Part Numbers in Second Quarter 2009

SMYRNA, Tenn., July 23, 2009 – Beck/Arnley added 616 new part numbers to its line of premium quality, genuine foreign nameplate products in the second quarter, for a total of 1,042 part numbers added in 2009 to date. Beck/Arnley is continuously expanding its product offering and catalog to provide aftermarket automotive parts needed by today's service dealers and technicians.

The latest 616 part numbers fall within the following Beck/Arnley® product modules:

- | | |
|-----------------------------|-----|
| • Brake & Chassis | 303 |
| • Clutch & Driveline | 17 |
| • Cooling | 2 |
| • Electrical | 36 |
| • Engine Management | 65 |
| • Engine Parts & Filtration | 193 |

Like all Beck/Arnley Genuine Foreign Nameplate Parts, these new additions to the product line reflect a unique process of Application Specific Sourcing. Beck/Arnley's product management team researches a specific make/model application, evaluates the data, determines the exact part specifications and finds the best in class parts from its global supplier base of manufacturers of OE and OE quality parts.

"At Beck/Arnley, we are committed to making life easier for professional import technicians by offering OE quality parts that fit properly, broad vehicle and parts coverage, and product enhancements and solutions to make the installation job more efficient," said Bob Anderson, vice president product management, Beck/Arnley. "We have a global supplier network of more than 800 vendor relationships that allow us to pursue the best coverage of critical repair and maintenance parts."

The new part numbers can be downloaded in either a PDF or Excel format by visiting Beck/Arnley's Web site at www.beckarnley.com. The new numbers are also available on Beck/Arnley's Web catalog at www.beckcatalog.com. Product questions can be sent to beckproduct@beckarnley.com.

About Beck/Arnley:

Beck/Arnley is exclusively dedicated to supporting its distribution partners who service the foreign nameplate repair and maintenance market. Founded in 1914, Beck/Arnley's broad product offering for the aftermarket is organized into six modules: Brake & Chassis, Electrical, Clutch & Driveline, Engine Management, Engine Parts & Filtration, and Cooling Systems. Headquartered near Nashville, Tenn., Beck/Arnley researches, sources and delivers parts to resellers through its Master Distribution Center in Smyrna, Tenn. and strategically located satellite distribution centers across North America. Additional information is available at www.beckarnley.com.
