## Beck/Arnley Adds 419 New Part Numbers

**SMYRNA, Tenn., April 22, 2008** – In keeping with its goal to provide professional technicians with the crucial parts needed to repair today's foreign nameplate vehicles, Beck/Arnley has added another 419 new part numbers to its product line.

Included among the 419 new numbers are the following additions in Beck/Arnley's product modules:

- Brake & Chassis 256
- Clutch & Driveline 13
- Cooling 29
- Electrical 3
- Engine Management 31
- Engine Parts & Filtration 87

“This announcement includes more foreign branded brake pads, along with other significant additions to our product range,” said Tom Fritsche, director of product management for Beck/Arnley. “With these 419 new numbers we are nearly at 1,000 new parts added in 2008. We are continuing to focus on what brings value to our customers and finding ways to get that information to the market faster and more efficiently.”

The new numbers can be downloaded in either a PDF or Excel format by visiting Beck/Arnley's Web site at [www.beckarnley.com](http://www.beckarnley.com). The numbers have also been added to their Web catalog at [www.beckcatalog.com](http://www.beckcatalog.com).

### About Beck/Arnley:

Beck/Arnley is exclusively dedicated to supporting its distribution partners who service the foreign nameplate repair market. Founded in 1914, Beck/Arnley's broad product offering is organized into six modules: Brake & Chassis, Electrical, Clutch & Driveline, Engine Management, Engine Parts & Filtration, and Cooling Systems. Headquartered near Nashville, Tennessee, Beck/Arnley distributes parts to resellers through its MDC in Smyrna, Tennessee and strategically located satellite customer care centers.
