Tony Reeves Re-Joins Beck/Arnley as Catalog Specialist

SMYRNA, Tenn., Jan. 16, 2009 – Beck/Arnley announced today that Tony Reeves has re-joined the company as a catalog specialist. In this role, he is assisting with all catalog and database responsibilities, including updating and producing Beck/Arnley's CD catalogs and Web catalog, as well as helping manage the image database and customer files. He reports to Dwight Brock, director of product data management.

Reeves has over 25 years of experience in the automotive aftermarket. He previously spent 20 years with Beck/Arnley, working in catalog research.

"We'd like to welcome Tony back to the Beck/Arnley family," said Brock. "He has the knowledge and many years of in-depth experience in our catalog department so he has a strong understanding of our customers' catalog needs. Tony is very well suited for the position of catalog specialist and will be a tremendous asset as we focus on continuously adding new part numbers and carry-up coverage in 2009."

About Beck/Arnley:

Beck/Arnley is exclusively dedicated to supporting its distribution partners who service the foreign nameplate repair market. Founded in 1914, Beck/Arnley's broad product offering for the aftermarket is organized into six modules: Brake & Chassis, Electrical, Clutch & Driveline, Engine Management, Engine Parts & Filtration, and Cooling Systems. Headquartered near Nashville, Tenn., Beck/Arnley sources and delivers parts to resellers through its Master Distribution Center in Smyrna, Tenn. and strategically located satellite customer care centers across North America. Additional information is available at www.beckarnley.com.
