Beck/Arnley Premium CVT Fluid for Type HCF2 is a superior quality formulation of high-performance base oils and carefully selected additives designed exclusively for use in Honda and Acura Continuously Variable Transmissions (CVT).

Specifically for vehicles requiring Honda CVT and Acura CVT fluids.

This CVT fluid is formulated for extreme pressures found in CVTs to minimize metal-to-metal wear on CVT chains and pulleys and provide excellent resistance to shudder.

Use Beck/Arnley Premium CVT Fluid for Type HCF2 when Type HCF2, Honda CVT, or Acura CVT is required for Honda and Acura vehicles.

Always check owner's manual for proper application.
