TYPE T-IV

252-2002

This Premium Automatic Transmission Fluid for Type I-IV is a superior quality formulation of high-performance base oils and carefully selected additives including a unique mix of friction materials for the specific pressure settings present in Lexus, Scion and Toyota automatic transmissions, which helps promote smooth shifting in extreme temperatures and prevent transmission shudder.

This product is chemically balanced to provide protection for seals and “O” rings against corrosion, rust and wear as well as resistance to oxidation to prolong the life of the fluid.

Use this Premium Automatic Transmission Fluid for Type I-IV when Type T-IV automatic transmission fluid is required for Lexus, Scion, Toyota and other make vehicles.

Always check owner's manual for proper application.
